A suggestion that the tax should be collected in the State in which the vehicle is registered and the proceeds distributed by that State to all the other States concerned, was considered by the Transport Development Council at its last meeting held in April, 1963. The Council recommended the appointment of a study team, consisting of representatives of the Central Government and a few State Governments, to evolve a suitable formula for the division of the tax proceeds.

- (ii) To recommend a reasonable basis, or formula, for the division of the proceeds of the three taxes from inter-State transport among the different States concerned; and
